	READING	
۳	متن زیر را بخوانید و به سوالات آن پاسخ دهید. Travel is about visiting new places and meeting new people. When visiting a destination, travelers should check information about the place they are visiting and take care of people, places and cultures. They can find this information by searching the Internet or asking local people. So, before any travel, paying attention to some points is important. First, they must read as much as possible about the main tourist attractions they are going to visit. Searching the Internet is an easy way to know about them. Also, learning the local language can be very useful, especially when they meet new people there. Learning and using a few basic words and phrases in the local language, like "hello" and "thank you" show that they like the new culture. This will also help them make new friends during the trip. When travelers meet local people, they must not forget that they are guests! So, the tourists must respect their way of living and pay attention to their holy places. When they visit natural places such as lakes, forests and deserts, they must protect the plants and animals. In this way, every travel can be a great and fun experience.	۹

Every traveler should protect (27) and (28) in natural places. ❖ Answer the following question. 29. How can travelers get information about their destination?	۹								
۲	متن زیر را بخوانید و به سوالات آن پاسخ دهید. Science is a way to learn about the world. If you want to be a scientist, there are some things you can do to get started. Firstly, read books about science. There are many great books that explain science and teach simple ways to learn about everything from planets, human body to different types of animals, and plants. Reading books about science can help you understand how things work, how scientists make discoveries, and how they do research. Secondly, do science experiments at home. You can start with easy ones by using things you have at home, like making a paper airplane. By doing experiments, you can see how science actually works and learn how to think like a scientist. Thirdly, you can visit science parks or go to science camps. A lot of companies do scientific work in science parks, so these places help you learn about new findings. Visiting science camps are a great way to meet others who are interested in different fields of science. ❖ True / False 30. Reading a book about science is an example of doing experiment at home. a. True b. False 31. Science parks are places to do scientific activities. a. True b. False ❖ Choose the correct answer. 32. What is the reading about? a. how to become a scientist b. how to visit parks c. how to be a good reader d. how to make questions 33. Which is not true about reading science books? a. They help us understand better b. There are a few of them c. They are about discoveries d. They teach us how to do research ❖ Answer the following question. 34. What are the different ways to become a scientist? (write two ways)	۱۰								
WRITING										
۲	متن زیر را بخوانید و نقش کلمات مشخص شده را در قسمت مناسب جدول بنویسید. Yesterday, Sajjad saw a burning building and called 125. The firefighters arrived and jumped out of their cars. They were careful and quick. They were putting out the fire and people wanted to watch them, but it was dangerous. Sajjad knew he must help, so he asked people to leave. The firefighters were putting out the fire while he was talking with people politely. <table><tr><td>Adjective</td><td>Adverb</td><td>Action verb</td><td>State verb</td></tr><tr><td>35.</td><td>36.</td><td>37.</td><td>38.</td></tr></table>	Adjective	Adverb	Action verb	State verb	35.	36.	37.	38.	۱۱
